# Mission

What is the Brussels Drohme Golf Club :

- a “family spirit” club with a special focus on younger members. As a golf club, we want to make the sport accessible to as many people as possible

For young people: we want to make sure that children:

- Have fun, progress and meet each other in a safe environment.

The Brussels Drohme Golf Club is mainly focused:

- On training the 'recreational player', but the BDGC also has sufficient knowledge and skills to attract and guide the 'competitive player'.

A quality and accessible junior program:

In this program, different formulas are submitted to the Juniors with which, we believe, all will feel comfortable and will progress at their own pace.

- Our aim is that the children train together and attend the various competitions organised by Golf Vlaanderen or AFGOLF.

Allow children to play:

- ▶ **In a safe environment, where great emphasis is given to sportsmanship, respect for the rules and fair play, but also the respect for nature.** These issues are also included in the program and will also be rewarded annually.

As a golf club:

- ▶ **Juniors are the future : if we give them the relevant support from the very beginning, we will get good results and above all, long time Golf players.**
